CUSHION-GRIP® Twin Spacer

GENERAL INFORMATION

The CUSHION-GRIP Twin Spacer is simple to install and is shipped fully assembled (no loose parts).

The break-away bolt provides a clear indication that the proper installation torque has been achieved (no special tools required).

Conductor Spacing is 18 inches (457 mm), but also available in 13 inch (330 mm) spacing.

Two versions of the CUSHION-GRIP Twin Spacer are available. The standard version is designed for up to 125°C; 150° for 2 hour emergency conductor operation and the high temperature (HT) version can be used for applications with conductor operating temperatures up to 250°C.

Notes:
For high temperature (HT) version add HT to the catalog number (Example: CGTS - 0112HT).

For 13 inch spacing add -13 to catalog number (Example: CGTS - T2266 - 13).
