

COYOTE® Closure Accessories

COYOTE® Closure Accessories meet your specific job requirements

A full line of accessories

With the development of the COYOTE Closure, a whole new breed of fiber optic closure became available. As the family continues to grow, Preformed Line Products offers a full line of splice trays, end plates and accessories to meet a variety of application needs.

Customize to meet your needs

Our accessory selection allows you to customize COYOTE Closures. With our FLX-Pack™ System ordering option, you have the freedom to pick and choose the appropriate parts needed for each job requirement.

PLP® reliability

PREFORMED™ products pass a series of tests conducted in our laboratory.

Combine these capabilities with our experienced engineering and field-support staff, and you've got PLP reliability. That's why PLP has been a dependable supplier since 1947.
