CABLE DEMARCATION ENCLOSURE

Maximum Protection

The enclosure is molded of rugged impact-resistant thermoplastic resin that offers superior protection from vandalism and also has a padlock tab or F81 connector for extra security. We've included UV inhibitors that protect the enclosure from sun degradation and color shifts. Plus the entrance and exit grommets keep the enclosure free from insects.

Fast, Easy Installation

The large interior accommodates common traps, filters, splitters and amplifiers. For a fast and secure connection, the conduit ports have twist tie clamps or conduit adapters (sold separately). The enclosure also offers a wide

profile for covering flaws that may be left from removal of other devices. The side hinged door stays in an open position or may be removed and re-installed.

Superior Performance

The large interior is ideal for storing excess cable while maintaining the proper bend radius for the cable. The enclosure also has interior strain relief tie off points for added convenience.

Colors

Consult PLP for custom color options.

Cable Demarcation Enclosures

Catalog Number	Description	Interior Dimensions (mm)	Carton Quantity	Carton Weight (kg)
CDE75	Cable Demarcation Enclosure (Gray) single port includes grommet and hardware	7.1" H x 5.5" W x 2.9" D (181 x 140 x 74)	36	25 lbs (11.5)
