

The Protector/LOOP-LOCK™ Pin Guy Marker

The Protector/LOOP-LOCK Pin Guy Marker with the new LOOP-LOCK Pin gives you easy one-way application, requires no special tools for removal, and provides long-lasting value.

Protector/LOOP-LOCK™ Pin Guy Marker Installation

First place the V-notched end of the tube on the strand and apply pressure so the tube is forced completely over the strand. Make sure end equipped with LOOP-LOCK Pin is towards anchor rod.

Once the tube is completely on the strand, push the LOOP-LOCK Pin through the loop of the GUY-GRIP® dead-end and align it with the other hole of the Protector/LOOP-LOCK Pin Guy Marker.

With sufficient pressure simply snap the LOOP-LOCK Pin through the hole.

Completed installation of Protector/LOOP-LOCK Pin Guy Marker.
