## The NEW BRACE-EYE™ offers real advantages for metal building manufacturers and dealers.

### Unique design, better performance

Designed specifically for the Metal Building Industry, the BRACE-EYE provides a quick and easy way to terminate your cross bracing. With just a quarter turn, the BRACE-EYE is installed and ready for use. The BRACE-EYE, PLP BRACE-GRIP® Dead-end, or BRACE-GRIP for Rod Dead-end, are simple, cost effective, time saving solutions when large take ups are not required. With just two sizes, the Preformed BRACE-EYE covers all different sizes of bracing systems.

### Size and Strength

With rated breaking strengths of 15,400 lbs. and 26,900 lbs, respectively, the 60110 and 60112 BRACE-EYES are the right solutions for bracing systems from 1/4" through 1/2"

### Cost Savings

Replacing a complement of products, the BRACE-EYE provides the metal building industry a cost effective solution for terminating bracing systems.

### PLP Reliability

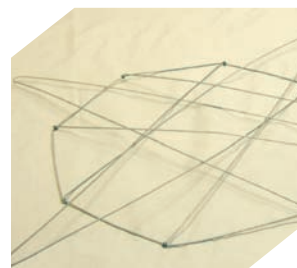

Serving the Metal Building Industry since the early 1960s, and other utility and communications markets since the 1940s, PLP's commitment to quality is second to none. PLP products must pass a series of tests conducted in the laboratory. Testing information is available upon request. Combine these capabilities with our experienced engineering and field-support staff, outstanding customer service and you've got PLP reliability. That's why PLP has been a dependable supplier since 1947.

BRACE-GRIP for ROD Dead-end Catalog Numbers	BRACE-GRIP Dead-end Catalog Numbers	BRACE-EYE Catalog Number	Rod Size	Recommended Eye Bolt Size	Rated Breaking Strength (lbs.) of Rod (125,000 psi)
